Body of Art Phaidon Editors 2015-10-12 The first book to celebrate the beautiful and provocative ways artists have represented, scrutinized and utilized the body over centuries. Body of Art is the first book to explore the various ways the human body has been both an inspiration and a medium for artists over hundreds of thousands of years. Unprecedented in its scope, it examines the many different manifestations of the body in art, from Anthony Gormley and Maya Lin sculptures to eight-armed Hindu gods and ancient Greek reliefs, from feminist graphics and Warhol's empty electric chair to the blue-tinted complexion of Singer Sargent's Madame X. It is the most expansive examination of the human body in art, spanning western and non-western, ancient to contemporary, representative to abstract and conceptual. Over 400 artists are featured in chapters that explore identity, beauty, religion, absent body, sex and gender, power, body's limits, abject body and bodies & space. Works range from 11,000 BC hand stencils in Argentine caves to videos and performances by contemporary artists such as Marina Abramovic, Joan Jonas and Bruce Nauman. Its fresh, accessible and dynamic voice brings to life the thrilling diversity of both classical and contemporary art through the prism of the body. More than simply a book of representations, this is an original and thought provoking look at the human body across time, cultures and media.

Correggio and Parmigianino David Ekserdjian 2016 The exhibition aims to allow visitors to avail themselves of a selection of masterpieces from some of the world's leading museums to compare and contrast the artistic careers of two of the greatest luminaries of the Italian Renaissance -- Antonio Allegri known as Correggio (1489-1534) and Francesco Mazzola known as Parmigianino (1503-40). The formidable talent of these two artists alone placed the city of Parma in the early 16th century on an equal footing with the peninsula's other great art capitals, Rome, Florence and Venice. Correggio only travelled to Parma when he was already at the height of his career, in the late 1510s, but he was to remain in the city for the rest of his life. Some twenty of his paintings, covering his entire career, have been selected to underscore the extraordinary emotive force and expressive range that the artist put not only into his religious works but also into his mythological paintings, which were to have such a huge impact on later artists, ranging from the Carracci brothers to Watteau and even to Picasso. The exhibition 'Correggio e Parmigianino. Arte a Parma nel Ciquecento' ('Correggio and Parmigianino. Art in Parma during the 16th century') hosts such unquestioned masterpieces as the Barrymore Madonna from the National Gallery of Art in Washington, the Portrait of a Lady from the State Hermitage Museum in St. Petersburg, the Martyrdom of Four Saints from the Galleria Nazionale in Parma, the Noli Me Tangere from the Museo del Prado in Madrid, the School of Love from the National Gallery in London and the Danaë from Rome's Galleria Borghese. Exhibition: Scuderie del Quirinale, Rome, Italy (12.03.-26.06.2016).

Born Under Saturn Rudolf Wittkower 2006-11-28 A rare art history classic that The New York Times calls a "delightful, scholarly and gossipy romp through the character and conduct of artists from antiquity to the French Revolution." Born Under Saturn is a classic work of scholarship written with a light and winning touch. Margot and Rudolf Wittkower explore the history of the familiar idea that artistic inspiration is a form of madness, a madness directly expressed in artists' unhappy and eccentric lives. This idea of the alienated artist, the Wittkowers demonstrate, comes into its own in the Renaissance, as part of the new bid by visual artists to distinguish themselves from craftsmen, with whom they were then lumped together. Where the skilled artisan had worked under the sign of light-fingered Mercury, the ambitious artist identified himself with the mysterious and brooding Saturn. Alienation, in effect, was a rung by which artists sought to climb the social ladder. As to the reputed madness of artists—well, some have been as mad as hatters, some as tough-minded as the shrewdest businessmen, and many others wildly and willfully eccentric but hardly crazy. What is certain is that no book presents such a splendid compendium of information about artists' lives, from the early Renaissance to the beginning of the Romantic era, as Born Under Saturn. The Wittkowers have read everything and have countless anecdotes to relate: about artists famous and infamous; about suicide, celibacy, wantonness, weird hobbies, and whatnot. These make Born Under Saturn a comprehensive, quirky, and endlessly diverting resource for students of history and lovers of the arts. "This book is fascinating to read because of the abundant quotations which bring to life so many remarkable individuals."—The New York Review of Books Catalogue de livres sur les beaux arts, ... grand nombre de livres à figures ..., incunables, livres rares et curieux en hollandais, latin, illyrien, etc. suivi d'un catalogue spécial de manuscrits avec miniatures ... 1871
