Ingenious Jason Fagone 2013-11-05 An epic tale of invention, in which ordinary people’s lives are changed forever by their quest to engineer a radically new kind of car In 2007, the X Prize Foundation announced that it would give \$10

million to anyone who could build a safe, mass-producible car that could travel 100 miles on the energy equivalent of a gallon of gas. The challenge attracted more than one hundred teams from all over the world, including dozens of amateurs. Many designed their cars entirely from scratch, rejecting decades of thinking about what a car should look like. Jason Fagone follows four of those teams from the build stage to the final race and beyond—into a world in which destiny hangs on a low drag coefficient and a lug nut can be a beautiful talisman. The result is a gripping story of crazy collaboration, absurd risks, colossal hopes, and poignant losses. In an old pole barn in central Illinois, childhood sweethearts hack together an electric-powered dreamboat, using scavenged parts, forging their own steel, and burning through their life savings. In Virginia, an impassioned entrepreneur and his hand-picked squad of speed freaks pool their imaginations and build a car so light that you can push it across the floor with your thumb. In West Philly, a group of disaffected high school students come into their own as they create a hybrid car with the engine of a Harley motorcycle. And in Southern California, the early favorite—a start-up backed by millions in venture capital—designs a car that looks like an alien egg. Ingenious is a joyride. Fagone takes us into the garages and the minds of the inventors, capturing the fractious yet beautiful process of engineering a bespoke machine. Suspenseful and bighearted, this is the story of ordinary people risking failure, economic ruin, and ridicule to create something vital that Detroit had never pulled off. As the Illinois team wrote in chalk on the wall of their barn, "SOMEBODY HAS TO DO SOMETHING. THAT SOMEBODY IS US."

Eye to Eye Julie K. Rubini 2019-04-05 Christine Brennan, the USA Today sports columnist, author, and commentator, uses her voice to advocate for diversity and equality in the world of sports, and her wisdom to encourage future journalists. Her passion for sports was sparked by her dad, who encouraged her to participate in athletics and, as he said, "smell the game"—go watch baseball and football games together. As a child, Christine wrote daily entries in her diary and listened to play-by-play coverage on her radio. She pursued this love of words through journalism school and applied her passion for sports by reporting on them for various newspapers. Since then, she has portrayed the setbacks and triumphs of athletes, all the while fighting her own battles for success—and respect—as a female journalist. From knocking down barriers in NFL locker rooms to covering every Olympics since 1984 to being the go-to commentator whenever scandal occurs in the sports world, Christine Brennan has done it all. Eye to Eye invites young readers to learn more about this remarkable journalist and perhaps to nurture their own dreams of investigating and telling important stories.

The Passive Programming Playbook: 101 Ways to Get Library Customers off the Sidelines Paula Willey 2021-05-31 This

book offers 101 passive programming ideas that are extendable, adaptable, customizable, and above all, stealable—so your passive programming never runs dry. Passive programming is a cheap, quick, fun way to make all library customers feel like part of the community. It can support reading initiatives, foster family engagement, encourage visit frequency, and coax interaction out of library lurkers—while barely making a dent in your programming budget. Passive programming can be targeted at children, adults, seniors, or teens; used to augment existing programs; and executed in places where staff-led programming can't reach. It can be light-footed and spontaneous, easily deployed to reflect and respond to current news, media, library events, and even the weather. But even passive programming pros run out of ideas sometimes, and when that happens, they want a fresh, funny source of inspiration. Make programming less intimidating Get the most bang for your buck from whatever resources you have available Make diverse customers feel welcome and seen Encourage repeat/regular library visits Boost your programming statistics

Allegedly Tiffany D. Jackson 2017-01-24 4 starred reviews! Orange Is the New Black meets Walter Dean Myer's *Monster* in this gritty, twisty, and haunting debut by Tiffany D. Jackson about a girl convicted of murder seeking the truth while surviving life in a group home. Mary B. Addison killed a baby. Allegedly. She didn't say much in that first interview with detectives, and the media filled in the only blanks that mattered: a white baby had died while under the care of a churchgoing black woman and her nine-year-old daughter. The public convicted Mary and the jury made it official. But did she do it? There wasn't a point to setting the record straight before, but now she's got Ted—and their unborn child—to think about. When the state threatens to take her baby, Mary's fate now lies in the hands of the one person she distrusts the most: her Momma. No one knows the real Momma. But does anyone know the real Mary?

*The Life of Mary Baker G. Eddy and the History of Christian Science* Willa Cather 1993-01-01 This controversial biography of the founder of the Christian Science church was serialized in McClure's Magazine in 1907-8 and published as a book the next year. It disappeared almost overnight and has been difficult to find ever since. Although a Canadian newspaperwoman named Georgine Milmine collected the material and was credited as the author, *The Life Of Mary Baker G. Eddy* was actually written by Willa Cather, an editor at McClure's at that time. In his introduction to this Bison Book edition, David Stouck reveals new evidence of Cather's authorship of *The Life of Mary Baker G. Eddy*. He discusses her fidelity to facts and her concern with psychology and philosophy that would take creative form later on. Indeed, this biography contains "some of the finest portrait sketches and reflections on human nature that Willa Cather would ever write."

*Breaking the Ice* Angie Bullaro 2020-10-20 The inspiring true story of Manon Rhéaume, the first and only woman to play

a game in the National Hockey League, featuring an afterward from Manon herself. “One day, a woman will play in the National Hockey League. If no one prevents her,” said a twelve-year-old Manon Rhéaume. Manon always dreamed of playing hockey. So, when the team her father coached needed a goalie, five-year-old Manon begged for the chance to play. She didn’t care that she’d be the only girl in the entire league or that hockey was considered a “boys’ sport” in her hometown of Lac-Beauport, Quebec, Canada. All she cared about was the game. After her father gave her that first chance to play, she embarked on a spectacular, groundbreaking career in hockey. At every level of competition, Manon was faced with naysayers, but she continued to play, earning her place on prestigious teams and ultimately becoming the first woman to play a game in the NHL. Including an afterward written by Manon herself, *Breaking the Ice* is the true story of one girl’s courage, determination, and love for the sport.

*Black Like Me* John Howard Griffin 2006-04-01 This American classic has been corrected from the original manuscripts and indexed, featuring historic photographs and an extensive biographical afterward.

*Mickey Mantle: The Commerce Comet* Jonah Winter 2017-02-07 The ONLY nonfiction picture book about New York Yankee Mickey Mantle, one of the greatest baseball players of all time. From award-winning author Jonah Winter and #1 New York Times bestselling artist C. F. Payne comes this extraordinary picture-book biography that traces Mickey Mantle’s unparalleled baseball career. He could run from home plate to first base in 2.9 seconds. He could hit a ball 540 feet—the longest home run in major league history. He was the greatest switch hitter ever to play the game. And he did it all despite broken bones, pulled muscles, strains, and sprains, from his shoulders to his feet. How did a poor country boy from Commerce, Oklahoma, become one of the greatest and most beloved baseball players of all time? This is the story.

*Katherine Anya Seton* 2013-10-01 John of Gaunt and Katherine Swynford, Chaucer’s sister-in-law, fall in love in the 14th century.

Hiroshima John Hersey 2020-06-23 "A new edition with a final chapter written forty years after the explosion."

*The Power of Her Pen* Lesa Cline-Ransome 2020-01-14 Renowned author Lesa Cline-Ransome and celebrated illustrator John Parra unite to tell the inspiring story of Ethel Payne, a groundbreaking African American journalist known as the First Lady of the Black Press. “I’ve had a box seat on history.” Ethel Payne always had an ear for stories. Seeking truth, justice, and equality, Ethel followed stories from her school newspaper in Chicago to Japan during World War II. It even led her to the White House briefing room, where she broke barriers as the only black female journalist. Ethel wasn’t afraid to ask the tough questions of presidents, elected officials, or anyone else in charge, earning her the title, “First Lady of the Black Press.” Fearless and determined, Ethel Payne shined a light on the darkest moments in history, and her ear

for stories sought answers to the questions that mattered most in the fight for Civil Rights.

The Death Class Erika Hayasaki 2014-01-14 The poignant, “powerful” (The Boston Globe) look at how to appreciate life from an extraordinary professor who teaches about death: “Poetic passages and assorted revelations you’ll likely not forget” (Chicago Tribune). Why does a college course on death have a three-year waiting list? When nurse Norma Bowe decided to teach a course on death at a college in New Jersey, she never expected it to be popular. But year after year students crowd into her classroom, and the reason is clear: Norma’s “death class” is really about how to make the most of what poet Mary Oliver famously called our “one wild and precious life.” Under the guise of discussions about last wills and last breaths and visits to cemeteries and crematoriums, Norma teaches her students to find grace in one another. In The Death Class, award-winning journalist Erika Hayasaki followed Norma for more than four years, showing how she steers four extraordinary students from their tormented families and neighborhoods toward happiness: she rescues one young woman from her suicidal mother, helps a young man manage his schizophrenic brother, and inspires another to leave his gang life behind. Through this unorthodox class on death, Norma helps kids who are barely hanging on to understand not only the value of their own lives, but also the secret of fulfillment: to throw yourself into helping others. Hayasaki’s expert reporting and literary prose bring Norma’s wisdom out of the classroom, transforming it into an inspiring lesson for all. In the end, Norma’s very own life—and how she lives it—is the lecture that sticks. “Readers will come away struck by Bowe’s compassion—and by the unexpectedly life-affirming messages of courage that spring from her students’ harrowing experiences” (Entertainment Weekly).

Sally Ride Sue Macy 2014-09-09 Sally Ride was more than the first woman in space—she was a real-life explorer and adventurer whose life story is a true inspiration for all those who dream big. Most people know Sally Ride as the first American female astronaut to travel in space. But in her lifetime she was also a nationally ranked tennis player, a physicist who enjoyed reading Shakespeare, a university professor, and the founder of a company that helped inspire girls and young women to pursue careers in science and math. Posthumously, she was a recipient of the Presidential Medal of Freedom. From Sally Ride’s youth to her many groundbreaking achievements in space and beyond, Sue Macy’s riveting biography tells the story of not only a pioneering astronaut, but a leader and explorer whose life, as President Barack Obama said, “demonstrates that the sky is no limit for those who dream of reaching for the stars.”

Burn the Page Danica Roem 2022-04-26 An inspirational memoir-meets-manifesto by Danica Roem, the nation’s first openly trans person elected to US state legislature Danica Roem made national headlines when--as a transgender former frontwoman for a metal band and a political newcomer--she unseated Virginia’s most notoriously anti-LGBTQ 26-

year incumbent Bob Marshall as state delegate. But before Danica made history, she had to change her vision of what was possible in her own life. Doing so was a matter of storytelling: during her campaign, Danica hired an opposition researcher to dredge up every story from her past that her opponent might seize on to paint her negatively. In wildly entertaining prose, Danica dismantles all the stories her opponents tried to hedge against her, showing how through brutal honesty and loving authenticity, it's possible to embrace the low points, and even transform them into her greatest strengths. *Burn the Page* takes readers from Danica's lonely, closeted, and at times operatically tragic childhood to her position as a rising star in a party she's helped forever change. *Burn the Page* is so much more than a stump speech: it's an extremely inspiring manifesto about how it's possible to set fire to the stories you don't want to be in anymore, whether written by you or about you by someone else--and rewrite your own future, whether that's running for politics, in your work, or your personal life. This book will not just encourage people who think they have to be spotless to run for office, but inspire all of us to own our personal narratives as Danica does.

**Bylines** Sue Macy 2009 The life story of this daring news reporter, globetrotter, and advocate for women's rights is presented chronologically from birth to death.

**Out of the Woods** Rebecca Bond 2015-07-21 Based on a true story about the author's grandfather, Rebecca Bond's *Out of the Woods* is a dramatic tale of survival featuring both animals and people. Antonio Willie Giroux lived in a hotel his mother ran on the edge of a lake. He loved to explore the woods and look for animals, but they always remained hidden away. One hot, dry summer, when Antonio was almost five, disaster struck: a fire rushed through the forest. Everyone ran to the lake--the only safe place in town--and stood knee-deep in water as they watched the fire. Then, slowly, animals emerged from their forest home and joined the people in the water. Miraculously, the hotel did not burn down, and the animals rebuilt their homes in the forest--but Antonio never forgot the time when he watched the distance between people and animals disappear.

**Bomb Shelter** Mary Laura Philpott 2022-04-12 "A beautifully wrought ode to life." —The Washington Post "Her new masterwork." —The New York Times Book Review New York Times Editors' Choice, Most Anticipated by Read With Jenna, BookPage, LitHub, The Millions From the bestselling author of *I Miss You When I Blink* comes a poignant and powerful new memoir that tackles the big questions of life, death, and existential fear with humor and hope. A lifelong worrier, Philpott always kept an eye out for danger, a habit that only intensified when she became a parent. But she looked on the bright side, too, believing that as long as she cared enough, she could keep her loved ones safe. Then, in the dark of one quiet, pre-dawn morning, she woke abruptly to a terrible sound—and found her teenage son unconscious

on the floor. In the aftermath of a crisis that darkened her signature sunny spirit, she wondered: If this happened, what else could happen? And how do any of us keep going when we can't know for sure what's coming next? Leave it to the writer whose critically acclaimed debut had us "laughing and crying on the same page" (NPR) to illuminate what it means to move through life with a soul made of equal parts anxiety and optimism (and while she's at it, to ponder the mysteries of backyard turtles and the challenges of spatchcocking a turkey). Hailed by The Washington Post as "Nora Ephron, Erma Bombeck, Jean Kerr, and Laurie Colwin all rolled into one," Philpott returns in her distinctive voice to explore our protective instincts, the ways we continue to grow up long after we're grown, and the limits—both tragic and hilarious—of the human body and mind.

The Foundling Ann Leary 2022-05-31 From the New York Times bestselling author of *The Good House*, the story of two friends, raised in the same orphanage, whose loyalty is put to the ultimate test when they meet years later at a controversial institution—one as an employee; the other, an inmate. It's 1927 and eighteen-year-old Mary Engle is hired to work as a secretary at a remote but scenic institution for mentally disabled women called the Nettleton State Village for Feebleminded Women of Childbearing Age. She's immediately in awe of her employer—brilliant, genteel Dr. Agnes Vogel. Dr. Vogel had been the only woman in her class in medical school. As a young psychiatrist she was an outspoken crusader for women's suffrage. Now, at age forty, Dr. Vogel runs one of the largest and most self-sufficient public asylums for women in the country. Mary deeply admires how dedicated the doctor is to the poor and vulnerable women

under her care. Soon after she's hired, Mary learns that a girl from her childhood orphanage is one of the inmates. Mary remembers Lillian as a beautiful free spirit with a sometimes-tempestuous side. Could she be mentally disabled? When Lillian begs Mary to help her escape, alleging the asylum is not what it seems, Mary is faced with a terrible choice. Should she trust her troubled friend with whom she shares a dark childhood secret? Mary's decision triggers a hair-raising sequence of events with life-altering consequences for all. Inspired by a true story about the author's grandmother, *The Foundling* offers a rare look at a shocking chapter of American history. This gripping page-turner will have readers on the edge of their seats right up to the stunning last page...asking themselves, "Did this really happen here?"

*Disciplinary Literacy in Action* ReLeah Cossett Lent 2018-08-16 You wouldn't tell a heart surgeon to also do pediatrics—so why would we tell content area educators they must "do" literacy? Math, history, English and science teachers are passionate about their specialties, and that's why authors Releah Lent and Marsha Voight designed a framework that keeps teachers' subjects at the center of daily classroom life while also helping them pool strengths with colleagues. Based on years of successful implementation, this powerful PL cycle "drops in" seamlessly to any school setting, so teachers schoolwide take on innovative practices of reading, writing, thinking, and doing within their areas of expertise.

*Mary Wells* Peter Benjaminson 2012-11-01 Complete with never-before-revealed details about the sex, violence, and drugs in her life, this biography reveals the incredibly turbulent life of Motown artist Mary Wells. Based in part on four hours of previously unreleased and unpublicized deathbed interviews with Wells, this account delves deeply into her rapid rise and long fall as a recording artist, her spectacular romantic and family life, the violent incidents in which she was a participant, and her abuse of drugs. From tumultuous affairs, including one with R&B superstar Jackie Wilson, to a courageous battle with throat cancer that climaxed in her gutsiest performance, this history draws upon years of interviews with Wells's friends, lovers, and husband to tell the whole story of a woman whose songs crossed the color line and whose voice captivated the Beatles.

*God Knows His Name* David Bakke 2000-10-30 Police found John Doe No. 24 in the early morning hours of October 11, 1945, in Jacksonville, Illinois. Unable to communicate, the deaf and mute teenager was labeled "feeble minded" and sentenced by a judge to the nightmarish jumble of the Lincoln State School and Colony in Jacksonville. He remained in the Illinois mental health care system for over thirty years and died at the Sharon Oaks Nursing Home in Peoria on November 28, 1993. Deaf, mute, and later blind, the young black man survived institutionalized hell: beatings, hunger, overcrowding, and the dehumanizing treatment that characterized state institutions through the 1950s. In spite of his

environment, he made friends, took on responsibilities, and developed a sense of humor. People who knew him found him remarkable. Award-winning journalist Dave Bakke reconstructs the life of John Doe No. 24 through research into a half-century of the state mental health system, personal interviews with people who knew him at various points during his life, and sixteen black-and-white illustrations. After reading a story about John Doe in the New York Times, acclaimed singer-songwriter Mary Chapin Carpenter wrote and recorded “ John Doe No. 24” and purchased a headstone for his unmarked grave. She contributes a foreword to this book. As death approached for the man known only as John Doe No. 24, his one-time nurse Donna Romine reflected sadly on his mystery. “ Ah, well,” she said, “ God knows his name.”

Miss Mary Reporting Sue Macy 2016-02-16 Examines the career of Mary Garber, who "was a sportswriter for fifty-six years and was the first woman to receive the Associated Press Sports Editors Red Smith Award, presented for major contributions in sports journalism. And now, every year the Association of Women in Sports Media presents the Mary Garber Pioneer Award in her honor to a role model for women in sports media"--Amazon.com.

The Book Rescuer Sue Macy 2019-10-01 Recipient of a Sydney Taylor Book Award for Younger Readers An ALA Notable Book A Bank Street Best Book of the Year “Text and illustration meld beautifully.” —The New York Times “Stunning.”? —Kirkus Reviews (starred review) “Inspired...[a] journalistic, propulsive narrative.” —Publishers Weekly (starred review) “The story comes alive through the bold acrylic and gouache art.” —Booklist (starred review) From New York Times Best Illustrated Book artist Stacy Innerst and author Sue Macy comes a story of one man’s heroic effort to save the world’s Yiddish books in their Sydney Taylor Book Award–winning masterpiece. Over the last forty years, Aaron Lansky has jumped into dumpsters, rummaged around musty basements, and crawled through cramped attics. He did all of this in pursuit of a particular kind of treasure, and he’s found plenty. Lansky’s treasure was any book written Yiddish, the language of generations of European Jews. When he started looking for Yiddish books, experts estimated there might be about 70,000 still in existence. Since then, the MacArthur Genius Grant recipient has collected close to 1.5 million books, and he’s finding more every day. Told in a folkloric voice reminiscent of Patricia Polacco, this story celebrates the power of an individual to preserve history and culture, while exploring timely themes of identity and immigration.

Cricket Song Anne Hunter 2016-03-01 A poignant and beautiful bedtime book, Cricket Song connects two children on different continents through the evocation of sound and smell. Readers will love identifying various creatures portrayed in the book and watching what they are doing as the two children begin to fall to sleep in their beds on seemingly opposite

sides of the world. While differences between cultures may be obvious, ultimately, this lovely story of sleep is a tale about interconnection.

Mary Reilly Valerie Martin 2013-02-13 From the acclaimed author of the bestselling *Italian Fever* and award winning *Property*, comes a fresh twist on the classic *Jekyll and Hyde* story, a novel told from the perspective of Mary Reilly, Dr. Jekyll's dutiful and intelligent housemaid. Faithfully weaving in details from Robert Louis Stevenson's classic, Martin introduces an original and captivating character: Mary is a survivor—scarred but still strong—familiar with evil, yet brimming with devotion and love. As a bond grows between Mary and her tortured employer, she is sent on errands to unsavory districts of London and entrusted with secrets she would rather not know. Unable to confront her hideous suspicions about Dr. Jekyll, Mary ultimately proves the lengths to which she'll go to protect him. Through her astute reflections, we hear the rest of the classic *Jekyll and Hyde* story, and this familiar tale is made more terrifying than we remember it, more complex than we imagined possible.

*Devil's Knot* Mara Leveritt 2014-01-30 Based on a true story, this edition of *Devil's Knot* will tie-in to a major motion picture starring Academy Award winners Reese Witherspoon and Colin Firth. This riveting portrait of a small Arkansas town recounts the all-too-true story of a brutal triple murder and the eighteen-year imprisonment of three innocent teenagers. For weeks in 1993, after the grisly murders of three eight-year-old boys, police in West Memphis, Arkansas, seemed stumped. Then suddenly, detectives charged three teenagers - alleged members of a satanic cult - with the killings. Despite the witch-hunt atmosphere of the trials and a case that included stunning investigative blunders, the teenagers, who became known as the West Memphis Three, were convicted. Jurors sentenced Jason Baldwin and Jessie Misskelley to life in prison and Damien Echols, the accused ringleader, to death. The guilty verdicts were popular in their home state - even upheld on appeal - and all three remained in prison until their unprecedented release in August 2011. In *Devil's Knot*, award-winning investigative journalist Mara Leveritt presents the most comprehensive, insightful reporting ever done on this story - one of the greatest miscarriages of justice in American legal history. In-depth research, meticulous reconstruction of the investigation and close-up views of its key participants unravel the many tangled knots of this endlessly shocking case.

*The Art of Her Deal* Mary Jordan 2020-06-16 This revelatory biography of Melania Trump from Pulitzer Prize-winning Washington Post reporter Mary Jordan “deftly, and without agenda, decodes Melania [Trump]” (NBC News) who is far more influential in the White House than most people realize. Based on interviews with more than one hundred people in five countries, *The Art of Her Deal: The Untold Story of Melania Trump* draws an unprecedented portrait of the first lady.

While her public image is of an aloof woman floating above the political gamesmanship of Washington, behind the scenes Melania Trump is not only part of President Trump's inner circle, but for some key decisions she has been his single most influential adviser. Throughout her public life, Melania Trump has purposefully worked to remain mysterious. With the help of key people speaking publicly for the first time and never-before-seen documents and tapes, *The Art of Her Deal* looks beyond the surface image to find a determined immigrant and the life she had before she met Donald Trump. Mary Jordan traces Melania's journey from Slovenia, where her family stood out for their nonconformity, to her days as a fledgling model known for steering clear of the industry's hard-partying scene, to a tiny living space in Manhattan she shared platonically with a male photographer, to the long, complicated dating dance that finally resulted in her marriage to Trump. Jordan documents Melania's key role in Trump's political life before and at the White House, and shows why he trusts her instincts above all. The picture of Melania Trump that emerges in *The Art of Her Deal* is one of a woman who is savvy, steely, ambitious, deliberate, and who plays the long game. And while it is her husband who became famous for the phrase "the art of the deal," it is she who has consistently used her leverage to get exactly what she wants. This is the story of the art of her deal.

Terrible Typhoid Mary Susan Campbell Bartoletti 2015-08-04 In a riveting biography that reads like a crime novel, Sibert Medalist and Newbery-Honor winner Susan Campbell Bartoletti uncovers the true story of Mary Mallon, a.k.a. Typhoid Mary, one of the most notorious and misunderstood women in American history.

Crossing the Borders of Time Leslie Maitland 2013-01-08 On a pier in Marseille in 1942, with desperate refugees pressing to board one of the last ships to escape France before the Nazis choked off its ports, an 18-year-old German Jewish girl was prised from the arms of the Catholic Frenchman she loved and promised to marry. As the *Lipari* carried Janine and her family to Casablanca on the first leg of a perilous journey to safety in Cuba, she would read through her tears the farewell letter that Roland had slipped in her pocket: "Whatever the length of our separation, our love will survive it, because it depends on us alone. I give you my vow that whatever the time we must wait, you will be my wife. Never forget, never doubt." Five years later – her fierce desire to reunite with Roland first obstructed by war and then, in secret, by her father and brother – Janine would build a new life in New York with a dynamic American husband. That his obsession with Ayn Rand tormented their marriage was just one of the reasons she never ceased yearning to reclaim her lost love. Investigative reporter Leslie Maitland grew up enthralled by her mother's accounts of forbidden romance and harrowing flight from the Nazis. Her book is both a journalist's vivid depiction of a world at war and a daughter's pursuit of a haunting question: what had become of the handsome Frenchman whose picture her mother continued to treasure

almost fifty years after they parted? It is a tale of memory that reporting made real and a story of undying love that crosses the borders of time.

Francis and Eddie Brad Herzog 2013-06-01 Tells the story of twenty-year-old amateur golfer Francis Ouimet and how he and his ten-year-old caddie stunned golf fans by beating two of the best players in the world in the 1913 U.S. Open.

Marking the "Invisible" Andrea M. Hawkman 2020-04-01 Substantial research has been put forth calling for the field of social studies education to engage in work dealing with the influence of race and racism within education and society (Branch, 2003; Chandler, 2015; Chandler & Hawley, 2017; Husband, 2010; King & Chandler, 2016; Ladson-Billings, 2003; Ooka Pang, Rivera & Gillette, 1998). Previous contributions have examined the presence and influence of race/ism within the field of social studies teaching and research (e.g. Chandler, 2015, Chandler & Hawley, 2017; Ladson-Billings, 2003; Woyshner & Bohan, 2012). In order to challenge the presence of racism within social studies, research must attend to the control that whiteness and white supremacy maintain within the field. This edited volume builds from these previous works to take on whiteness and white supremacy directly in social studies education. In Marking the "Invisible", editors assemble original contributions from scholars working to expose whiteness and disrupt white supremacy in the field of social studies education. We argue for an articulation of whiteness within the field of social studies education in pursuit of directly challenging its influences on teaching, learning, and research. Across 27 chapters, authors call out the strategies deployed by white supremacy and acknowledge the depths by which it is used to control, manipulate, confine, and define identities, communities, citizenships, and historical narratives. This edited volume promotes the reshaping of social

studies education to: support the histories, experiences, and lives of Students and Teachers of Color, challenge settler colonialism and color-evasiveness, develop racial literacy, and promote justice-oriented teaching and learning. Praise for *Marking the "Invisible"* "As the theorization of race and racism continues to gain traction in social studies education, this volume offers a much-needed foundational grounding for the field. From the foreword to the epilogue, *Marking the "Invisible"* foregrounds conversations of whiteness in notions of supremacy, dominance, and rage. The chapters offer an opportunity for social studies educators to position critical theories of race such as critical race theory, intersectionality, and settler colonialism at the forefront of critical examinations of whiteness. Any social studies educator -researcher concerned with the theorization or teaching of race should engage with this text in their work." Christopher L. Busey, University of Florida

Dirt Tony Doris 2014-04-18 During a chance night shift on the cops beat, newsroom assistant Madeleine Harrington stumbles on the corruption story of a lifetime – a plot that would reshape the entire city. She teams up with her dad, a downtrodden columnist at the paper, to unearth the mystery. The muckrakers find the plot goes deeper – and contains more skeletons among the city's powerbrokers – than they imagined.

*Why Fish Don't Exist* Lulu Miller 2020-04-14 A Best Book of 2020: The Washington Post \* NPR \* Chicago Tribune \* Smithsonian A "remarkable" (Los Angeles Times), "seductive" (The Wall Street Journal) debut from the new cohort of Radiolab, *Why Fish Don't Exist* is a dark and astonishing tale of love, chaos, scientific obsession, and—possibly—even murder. "At one point, Miller dives into the ocean into a school of fish...comes up for air, and realizes she's in love. That's how I felt: Her book took me to strange depths I never imagined, and I was smitten." —The New York Times Book Review David Starr Jordan was a taxonomist, a man possessed with bringing order to the natural world. In time, he would be credited with discovering nearly a fifth of the fish known to humans in his day. But the more of the hidden blueprint of life he uncovered, the harder the universe seemed to try to thwart him. His specimen collections were demolished by lightning, by fire, and eventually by the 1906 San Francisco earthquake—which sent more than a thousand discoveries, housed in fragile glass jars, plummeting to the floor. In an instant, his life's work was shattered. Many might have given up, given in to despair. But Jordan? He surveyed the wreckage at his feet, found the first fish that he recognized, and confidently began to rebuild his collection. And this time, he introduced one clever innovation that he believed would at last protect his work against the chaos of the world. When NPR reporter Lulu Miller first heard this anecdote in passing, she took Jordan for a fool—a cautionary tale in hubris, or denial. But as her own life slowly unraveled, she began to wonder about him. Perhaps instead he was a model for how to go on when all seemed lost. What she would unearth

about his life would transform her understanding of history, morality, and the world beneath her feet. Part biography, part memoir, part scientific adventure, *Why Fish Don't Exist* is a wondrous fable about how to persevere in a world where chaos will always prevail.

The Glass Castle Jeannette Walls 2006-01-02 Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.
