Options Trading Crash Course Nathan Bell 2021-11-10 Have you been hearing a lot about options trading lately, including how they don't require too much upfront cash and many other benefits, and are curious to start trading options but don't know where to start? And are you looking for a comprehensive guide that will hold you by the hand until you make money trading options? If you've answered YES, keep reading... You Are About To Discover Exactly How To Venture Into The World Of Options Trading Fully Confident Of What To Do At Different Times And The Strategies You Should Use To Trade Options Like The Pros, While Keeping Your Exposure To Risks Low And Opening Yourself For Maximum Returns! If a stock is trading at \$50 per share, you'd have to part with \$5,000 to purchase 100 shares (that's excluding fees and commissions). But if you don't have all that money, you can still choose to control the same number of shares with about \$150. Crazy, huh? Well, if you're a stock options trader, it isn't! When you purchase options instead of stocks, your cost of entry is decreased tremendously. That would mean a lot of things but if you ask me, the fact that you're risking less and leaving more investing capital free for other investments is everything! Unfortunately, that's not the only advantage- not even close, so save your excitement for when you get to learn about the leverage, flexibility, profit margins and risk- not to mention, how easy it is to get started! Interested to learn more? Or are you wondering: What are options, and how are they different from regular stocks? How do they work? How do you get started? What are the techniques to ensure you succeed with them? What are the risks? If you are, then brace yourself for a short exciting journey that will turn you into a professional trader in no time, so keep reading. Here's a tiny bit of what you'll learn from this book: The basics of options, including what they are and why they're important The categories of options and why index options are great Why you need to get into options trading The risks you should be prepared for How options are priced How to buy or sell options in different ways How to buy call options like a professional trader How to buy put options using the best strategies The best techniques to sell covered call options The best techniques to sell naked call options The best strategies to offer put options What you need to know about trading signals and signal providers How to avoid the five most common mistakes ...And much more! Yes, even if the idea of options trading seems too advanced and 'PhD level' to you right now, this book will break down everything using simple language to ensure you have an above average understanding of options trading so that you trade without losing money! The Complete Trading Crash Course Warren Kratter 2020-10-07 The only method that in 3 weeks takes you from being a novice with no skills to a trading ninja who makes mind-boggling sums + Kindle Book Bonus. Soon I'll tell you how this amazing method works. I challenge you to find a course (because perhaps a book doesn't exist) that gives you this variety of UNPUBLISHED content. Passive Income Trading The new techniques that the best wall street sharks use to ensure that their investments bring profit over time with continuity Options Trading Basic: all the basics you need to get started with options. Not the useless notions that make you waste precious time. Type Of Options All existing PROFITABLE types of options that will allow you to skyrocket your investments instead of lying on the ground crying on you. Risk Management: Risk is part of the game, but knowing how to make it virtually zero gives you many more gears than the other traders out there, who will continue to lose everything. Options Trading Strategy The only strategy signed by Warren Kratter that works on the market to make investing with options an absolute success. Trading Mindset: You will understand what lies behind the greatest minds in the world of investments so you can learn how they work and what paradigms they have to simulate them. Earlier I told you that I would explain to you what the method consists of. The "Warren Kratter Solution" method is the only method that has managed to change the lives of 737 people, leading them from not knowing at all about trading to earning money in the first 7 weeks. One of them is Mark. A boy who had always been a waiter in his life. He wanted to make a drastic change in his life so he came to us and asked us to teach him trading. Since then, after 7 weeks, from being a kid on the loose, he now earns \$ 17,337 a month. And this is only one of the many lives that this method has managed to turn upside down. But all these people had one thing in common. The fervent desire to succeed. They made the decision to change their lives and went all the way without wasting time on the sofa. Now it's up to you to decide what to do. Do you stay where you are and keep wasting time saying "I'll do it", or do you finally want to get to live the life you deserve and take action? If the answer is the latter (I hope for you it is) then click the BUY NOW button and start the climb to the top.

How to Trade Options Warren Ray Benjamin 2019-06-24 If you are an investor who wants to take a more active role in the markets, but maybe day trading sounds too complicated, then keep reading. Maybe you want to be a day trader, but find it intimidating? Either way, swing trading might be for you. Swing trading isn't as well known among the public, but it's a middle ground between day trading and long term investing. Say goodbye to simply investing and holding on or being in boring mutual funds - you can get deep in the stock markets with swing trading but take it slow so you're not in the full-blown world of day trading. And there are no capital requirements to become a swing trader! Even better, you can trade options. Options let you play the stock market with smaller upfront investments and better ROI. Trading options can sound intimidating, and to a beginner, options seem complicated to the point of absurdity. But the reality is once someone holds your hand and explains the details involved with trading options, you'll find out that they are not nearly as complicated or scary as you thought they were. In fact, options offer a golden opportunity - allowing you to control large numbers of shares of stock while investing a fraction of the amount of cash you'd need to own them outright. Even better, in recent years people have been moving to swing trading options, a newer and exciting possibility. In this book, we hope to help set you up to trade options by teaching you what you need to understand the stock market from the day traders perspective. Options secrets revealed: Learn what options really are, and what your options are in buying various securities known in the trading world as options. See with real examples of why trading options can be more lucrative. Learn how to get into the markets at a fraction of the costs you're normally looking at. Become a master at trading jargon - calls, puts, strike price and more. Learn about the exciting topic of swing trading. Get the inside scoop on multiple swing trading strategies. Find out how to predict stock reversals and spot upside trends. Learn the special methods used by professional traders to make solid profits. And much more! In How to Trade Options: Swing Trading you'll learn how to look at and analyze the market like a professional trader so that you can get in now by using options to invest for hundreds rather than tens of thousands of dollars. Covered Calls for Beginners Freeman Publications 2020-10-20 Stop settling for ever-decreasing dividend yields and bank CDs which pay less than 1%... and start making your investments work for you again... If you're worried about the current market uncertainty, covered calls are your antidote to chaos. You can use them to generate safe returns, no matter what happens to your stock. It's like generating rental income on stocks you already own, even if those stocks don't already pay dividends. Which is why with smart covered call writing, you can double your monthly cash flow. Making it the perfect income strategy, because you can use covered calls to create instant cash, with premiums paid directly into your brokerage account. So you can use this smart, safe strategy to generate "Synthetic Dividends" on stocks that you already own. In fact... you can make as much as 40% extra per year by writing covered calls... compared to if you just bought and held the same stock. Perfect for retirement investors. Covered calls aren't risky... when used correctly they actually decrease your risk... and even the most conservative investors can benefit from adding covered call writing to their investment strategy. Even if you know nothing about options, this book will get you right up to speed. Here is just a fraction of what you'll discover: The 6 criteria we use to select the best stocks to write covered calls on - Page 96 The vital difference between covered and uncovered calls - Page 55 Why you shouldn't write covered calls in an IRA. Many investors make this mistake, but learn why using a regular account will actually save on your tax bill - Page 54 How to use covered calls to lower the purchase price of stocks you already own 3 rules for adjusting your covered call - Page 129 A simple strategy for selecting the right strike price - Page 160 How to find the best covered call stocks for free. Stock scanning services will charge you \$99/month for

this information, but our approach costs nothing and lists the exact same companies - Page 100 How to get started with covered calls if you only have a small account. This is perfect if you want the benefits but don't have \$5,000 or more to invest - Page 133 Plus, inside the book you get free access to a 7 part video course covering all aspects of profitable investing So even if you've never used options before, the book walks you through everything step by step. You'll find everything explained in plain English, free from technical jargon. Even if you get stuck, you can always send us an email (provided inside the book) or reach out in our private investing community on social media - we're always happy to help with any questions you might have. And remember... bank CD's will only pay you between 0% and 1%... the dividend yield on the S&P 500 is around 2%... and 5 to 10 year municipal bonds will only pay between 2% and 3%. But if you use what's inside this book, you could have the opportunity to get much more than that. For instance... if you put together a portfolio of three of the best covered call stocks... you could see an average yield of 15% per year... just from your covered call income. That's 2 to 3 times more than you'll see anywhere else. All this from your regular brokerage account, just as easily as you can buy stock. Because if you know how to buy stocks, you can use covered calls. It's that simple. And when you receive just a single premium from one of these covered calls (which is paid into your account instantly) it covers the cost of this book 10x over. Options Trading Byron McGrady 2021-02-19 Are you wondering how to begin your journey in Options Trading? Are you aware of what it takes and what you should possess to make your investment successful? You should invest yourself in knowledge and skills first; you sure never want to enter a battle unprepared. Fortunately, this book can guide you throughout your journey in the market. These 2 Books in 1 entitled Options Trading: The Complete Beginner's Crash Course to Investing with Options by Effective Strategies and Generate Passive Income with Low Risks prepares you for the competitive environment you're about to enter. This is a comprehensive guide for learners that want to mold themselves to be better traders. The first book, Options Trading for Beginners, fills you with all the necessary knowledge you have to learn, such as detailed options. It explains what options trading is and other important basics you have to know. Of course, since you are about to enter a new environment, you should also learn the terminology or language in this field. This way, you won't enter the confusion and misinterpretation stage because of the lack of knowledge of the language used in this trading. Aside from those above, there are more things you can find in this guide that would help you, as a beginner, to upgrade your trading knowledge and skills. On the other hand, the second book introduces you to the Options Trading Crash Course, where you can acquire ideas about financial freedom and a financially free individual's habits and mindset. In this book, you will also learn how to manage the risks you might encounter and the attitude you should exhibit as a trader. This will also introduce you to the stock market, day trading, and strategies you can use to succeed. Both books provide all the knowledge you would need in Options Trading. You no longer find the answers in other guiding materials because you can find everything you need in this book. So, don't waste your precious time, learn and succeed. Grab a copy of this book now!
