Globalizing the student rebellion in the long '68 Andrés Payà Rico, 2018-09-28 This volume brings us closer to the dynamics of the educational world, especially students, from a wide range of national and regional scenarios, with a special focus on Europe and Latin America. In this way, a plural panorama is shown, in which the stories centered on the usual protagonists of the 1968 processes are accompanied by other scenarios, often considered secondary, but which this volume inserts in a more general story that helps us understand how the processes of the 60s were not concrete or national, but got an absolute regional and global significance. We see a complex process of transnational demand that ranged from Eastern Europe, included in the Soviet bloc, to the very heart of the Western Hemisphere, with the United States as the main axis, passing through the politically varied Western Europe, submitted to the same processes and cultural influences. In this sense, to the works that deal with the United States and France, are added others focused on Italy, Spain and Brazil, as priority focus areas, together with other European and Latin American landscapes: Great Britain, Portugal, Greece, Slovakia, Hungary, Chile, Uruguay and Mexico, without missing, in addition, the case of one of the most unique actors on the international scene: the State of Israel. With this volume, we want to continue advancing in the knowledge of the educational world of the second half of the 20th century. Great are the challenges of this world at the beginning of the 21st century and many of them were already evident in 1968. Others have materialized as a result of those events. To confront both of them, we must first identify and analyze them, as well as being aware of their magnitude. We hope that all this work can contribute to this aim.

**Six Memos for the Next Millennium** Italo Calvino 2013-04-04 Italo Calvino was due to deliver the Charles Eliot Norton lectures at Harvard in 1985-86, but they were left unfinished at his death. The surviving drafts explore of the concepts of Lightness, Quickness, Multiplicity, Exactitude and Visibility (Constancy was to be the sixth) in serious yet playful essays that reveal Calvino's debt to the comic strip and the folktale. With his customary imagination and grace, he sought to define the virtues of the great literature of the past in order to shape the values of the future. This collection is a brilliant précis of the work of a great writer whose legacy will endure through the millennium he addressed. Italo Calvino, one of Italy's finest postwar writers, has delighted readers around the world with his deceptively simple, fable-like stories. Calvino was born in Cuba in 1923 and raised in San Remo, Italy; he fought for the Italian Resistance from 1943-45. His major works include Cosmicomics (1968), Invisible Cities (1972), and If on a winter's night a traveler (1979). He died in Siena in1985, of a brain hemorrhage.

**The Sack of Rome** Luigi Guicciardini 1993 On May 5, 1527 Spanish, German, and Italian troops under the banner of the Holy Roman Emperor swarmed into Rome. Until December, when they were finally dispersed by plague, these troops plundered, tortured, raped, and murdered in the defenseless capital of Christendom. "The sack of Rome in 1527 was an event of tragic and decisive importance. It brought the Renaissance, the greatest period in Italian history, to its sudden and catastrophic end. We are fortunate to possess many eyewitness accounts of this extraordinary event. Only one contemporary account, however, offers an overview of the political and military situation in Italy that culminated in the sack of Rome. That account is here translated for the first time." (Introduction) Illustrated, maps, introduction, glossary, afterword, bibliography.

**Agamben and the Signature of Astrology** Paul Colilli 2015-10-16 The work of Giorgio Agamben, one of the world's most important living philosophers, has been the object of much scrutiny. Yet, there is one dimension of his thought that remains unexamined by scholars: the presence of the ancient science of astrology in his writings. This book, the first of its kind, identifies the astrological elements and explains the implications of their usage by Agamben. In so doing, this study challenges us to imagine Agamben's thought in a radically new light. A critical account of the presence of astrology and related themes in Agamben's writings, ranging from the earlier works to the more recent publications, illustrates that the astrological signature constitutes a mode of philosophical archaeology that allows for an enhanced understanding of concepts that are central to his works, such as potentiality, the signature, bare life and biopolitics.

**Writing Migration through the Body** Emma Bond 2018-09-05 Writing Migration through the Body builds a study of the body as a mutable site for negotiating and articulating the transnational experience of mobility. At its core stands a selection of recent migration stories in Italian, which are brought into dialogue with related material from cultural studies and the visual arts. Occupying no single disciplinary space, and drawing upon an elaborate theoretical framework ranging from phenomenology to anthropology, human geography and memory studies, this volume explores the ways in which the skin itself operates as a border, and brings to the surface the processes by which a sense of place and self are described and communicated through the migrant body. Through investigating key concepts and practices of transnational embodied experience, the book develops the interpretative principle that the individual bodies which move in contemporary migration flows are the primary agents through which the transcultural passages of images, emotions, ideas, memories – and also histories and possible futures – are enacted.

**Audiovisual Translation and Media Accessibility at the Crossroads** 2012-01-01 This third volume in the Media for All series offers a diverse selection of articles which bear testimony to the vigour and versatility of research and developments in audiovisual translation and media accessibility. The collection reflects the critical impact of new technologies on AVT, media accessibility and consumer behaviour and shows the significant increase in collaborative and interdisciplinary research targeting changing consumer perceptions as well as quality issues. Complementing newcomers such as crowdsourcing and potentially universal emoticons, classical themes of AVT studies such as linguistic analyses and corpus-based research are featured. Prevalent throughout the volume is the impact of technology on both methodologies and content. The book will be of interest to researchers from a wide range of disciplines as well as audiovisual translators, lecturers, trainers and students, producers and developers working in the field of language and media accessibility.

**A Civil War** Claudio Pavone 2013-11-19 A Civil War is a history of the wartime Italian Resistance, recounted by a historian who took part in the struggle against Mussolini's Fascist Republic. Since its publication in Italy, Claudio Pavone's masterwork has become indispensable to anyone seeking to understand this period and its continuing importance for the nation's identity. Pavone casts a sober eye on his protagonists' ethical and ideological motivations. He uncovers a multilayered conflict, in which class antagonisms, patriotism and political ideals all played a part. A clear understanding of this complexity allows him to explain many details of the post-war transition, as well as the legacy of the Resistance for modern Italy. In addition to being a monumental work of scholarship, A Civil War is a folk history, capturing events, personalities and attitudes that were on the verge of slipping entirely out of recollection to the detriment of Italy's understanding of itself and its past.

**Reading Nietzsche** Mazzino Montinari 2003 An important figure in the development of Nietzsche scholarship, Mazzino Montinari (1928-86) dedicated himself to the detailed study of the philosopher's writings. This lifetime of scholarship crystallized in Montinari's work as coeditor of the critical edition of Nietzsche's collected writings.

**Reading Nietzsche**, now available in English for the first time, is a group of essays that grew out of this monumental work. In **Reading Nietzsche** Montinari tackles such subjects as the relationship between Nietzsche and Wagner, early drafts of *Thus Spoke Zarathustra*, and the philosopher's reputation among the Nazis and Marxists of the 1930s and 1940s. He also deals authoritatively with a number of figures who have had an unfortunate influence upon the way Nietzsche has been understood, from the chief Nazi interpreter of Nietzsche, Alfred Bäumler, to the chief Marxist interpreter, Georg Lukács, to Nietzsche's sister, Elisabeth.

**Springsteen** Christopher Sandford 2000 In 1975 a pop loving beach boy made his last-gasp shot at stardom - an album called BORN TO RUN! The rest, as they say, is history. At a time when other ageing rock stars have yielded to burn-out or self-parody, Bruce Springsteen has held his place as a cultural icon. His earth-shattering albums like BORN IN THE USA (which spent 136 weeks in the British charts) still enjoy raucous airplay. Meanwhile, Springsteen has carved out a second career as a social critic, balladeer and purveyor of soundtracks. His work, which has been covered by artists from Frank Sinatra to Sonic Youth, sells a total of 15 million albums annually. His concerts are instant sell-outs the world over. Springsteen's distinctive tearaway anthems and foghorn voice are among pop's most enduring sounds. From cult figure to pin-up (aka 'The Boss') to mega-selling guru, Springsteen is the last true rock star. Christopher Sandford's is the first full-length biography in ten years.

The first section maps out the field, discusses key concepts in relation to new developments and illustrates their application; the second part focuses on new audiences for AD, whilst the third part covers the impact of new technologies. Throughout this book contributors focus on methodological innovation, regarding audio description as an opportunity to engage in multi-dimensional linguistic and user-experience analysis, as it intersects with and contributes to a range of other research disciplines. **Trends in Contemporary Italian Narrative** 1980-2007 Gillian Ania 2009-05-05 The 'new Italian narrative' that began to be spoken about in the 1980s was not associated with a single writer or movement but with an eclectic and varied production. The eight essays that make up this volume set out to give a flavour of the breadth and range of recent trends and developments. The collection opens with two essays on crime fiction. In the first, Luca Somigli examines novels dealing with topical issues or recent history and which reveal a strong indigenous and regional tradition, while in the second, Nicoletta McGowan discusses the particular case of a noir by Claudia Salvatori.

They are followed by essays on two of Italy's best-known contemporary writers: Marina Spunta's essay explores the representation of space, place and landscape in the work of Gianni Celati and photographer Luigi Ghirri, while Darrell O'Connell analyses the fiction of Vincenzo Consolo, and his struggle to find a means of representing an ethical stance within fiction. Two essays then examine the role of the anthology for young writers: Charlotte Ross and Derek Duncan in the context of lesbian and gay writing, looking at identity politics and the problematics of categorization; Monica Jansen and Inge Lanslots in that of the "Young Cannibals", and their often unsettling non-literary language and orientation towards cinema, pop music and slang. The penultimate essay, by Jennifer Burns, discusses the literature of migrants to Italy, focusing on questions of identity, memory, mobility and language, while the final contribution, by Gillian Ania, is a study of apocalypse and dystopia in contemporary writing, looking at novels by Vassalli, Capriolo, Avoledo and Pispisa. "This volume examines Italian narrative from the 1980s to the present, from the original viewpoint of genres, categories, trends, rather than author-based analyses. It highlights the innovations of the last twenty years, incorporating into the various themes well known writers like Consolo, Celati and Vassalli, with relative newcomers like Avoledo and Pispisa. The contributors to the volume, academics from the UK, Ireland, Canada, Belgium, cover a wide range of themes which have come to the fore during this period, ranging from detective stories (both the giallo and the noir) to lesbian and gay writing, to immigration literature in Italian, to the study of apocalypse and dystopia. The themes are contextualized in the socio-political and cultural changes taking place in Italy, and parallel to this the temporal moments of the narratives are in turn related to their historical realities. This is a richly woven account which presents post '80s Italian narrative from a new and stimulating angle, in eight lucid and informative essays which will be welcomed by all those interested in contemporary fiction in its cultural context." —Professor Anna Laura Lepschy, Department of Italian, University College London

The Forty-nine Steps Roberto Calasso 2001 "'Forty-nine steps" refers to the Talmudic doctrine that there are forty-nine steps to meaning in every passage of the Torah. Employing this interpretive approach, Calasso offers a "secret history" of European literature and philosophy in the wake of Nietzsche, Marx, and Freud. Calasso analyzes how figures ranging from Gustav Flaubert, Gottfried Benn, Karl Kraus, Martin Heidegger, Walter Benjamin, Franz Kafka, Bertolt Brecht, and Theodor Adorno has contributed to, or been emblematic of, the current state of Western thought. This book's theme, writ large, is the power of fable - specifically, its persistence in art and literature despite its exclusion from orthodox philosophy."--BOOK JACKET.

Partisan Diary Ada Gobetti 2014 Ada Gobetti's Partisan Diary is both diary and memoir. From the German entry into Turin on 10 September 1943 to the liberation of the city on 28 April 1945, Gobetti recorded an almost daily account of events, sentiments, and personalities, in a cryptic English only she could understand. Italian senator and philosopher Benedetto Croce encouraged Ada to convert her notes into a book. Published by the Italian publisher Giulio Einaudi in 1956, it won the Premio Prato, an annual prize for a work inspired by the Italian Resistance (Resistenza). From a political and military point of view, the Partisan Diary provides firsthand knowledge of how the partisans in Piedmont fought, what obstacles they encountered, and who joined the struggle against the Nazis and the Fascists. The mountainous terrain and long winters of the Alpine regions (the site of many of their battles) and the ever-present threat of reprisals by German occupiers and their fascist partners exacerbated problems of organization among the various partisan groups. So arduous was their fight, that key military events--Italy's declaration of war on Germany, the fall of Rome, and the Allied landings on D-Day --appear in the diary as remote and almost unrelated incidents. Ada Gobetti writes of the heartbreak of mothers who lost their sons or watched them leave on dangerous missions of sabotage, relating it to worries about her own son Paolo. She reflects on the relationship between anti-fascist thought of the 1920s, in particular the ideas of her husband, Piero Gobetti, and the Italian resistance movement (Resistenza) in which she and her son were participating. While the Resistenza represented a culmination of more than twenty years of anti-fascist activity for Ada, it also helped illuminate the exceptional talents, needs, and rights of Italian women, more than one hundred thousand of whom participated.

The Bruce Springsteen Story: Born to run Dave Marsh 1996 When Born to Run: The Bruce Springsteen Story was first published in 1979, the publisher hoped that it would sell 15,000 copies. It would end up selling a miraculous 150,000 copies-becoming the first rock 'n' roll best seller ever. It was a landmark book, virtually creating the genre of the rock book & going on to be translated into five foreign languages. Born to Run, reprinted now with a new introduction, combines a biography, a fan's notes, a photo book, an analysis of the biz, & an annotated discography cum touring chronology to make the most encyclopedic exploration into Bruce Springsteen's life & the rock 'n' roll world available. Dave Marsh is perhaps the best-known rock critic in the country. He is the founding editor of Creem & has been a contributing editor of Rolling Stone since 1975. His syndicated record reviews have appeared in more than 200 newspapers, & his articles have appeared in The New York Times, The Village Voice, The Nation, & TV Guide. The New Science of Giambattista Vico Giambattista Vico 2016-04-15 A pioneering treatise that aroused great controversy when it was first published in 1725, Vico's New Science is acknowledged today to be one of the few works of authentic genius in the history of social theory. It represents the most ambitious attempt before Comte at comprehensive science of human society and the most profound analysis of the class struggle prior to Marx.

State Martyr Baldassare Scolari 2019-06 Der Politiker Aldo Moro wurde 1978 von der terroristischen Organisation "Rote Brigaden" entführt und getötet. Im Verlauf der Ereignisse stilisierten die Medien Moro zum "Staatsmartyrer". Der Band geht der hochaktuellen Frage nach, welche Rolle das ursprünglich christliche Konzept des Martyrers in der Spannung zwischen demokratischem Staat und Terrorismus spielt. Was leistet dieser Begriff aus der christlichen Antike im modernen gesellschaftspolitischen Diskurs? Welche Veränderungen hat der Terminus "Martyrer" in der Europäischen Religions- und Kulturgeschichte durchgemacht? Anhand von medialen Quellen zum Fall Moro wird eine wesentliche Phase der nachkriegszeitlichen Politik in Italien rekonstruiert. Die Studie eröffnet einen interdisziplinär angelegten theoretischen Horizont, um die Rolle religiöser Motive im gesellschaftspolitischen Kontext zu verstehen. Sie bringt eine zentrale neue Dimension in die Sakularisierungsdebatte ein, bei der Sakularisierung als neue Konfiguration von Politik und Religion verstanden wird.
